U. S. Government
Washington, D. C.

Attention: Contracting Officer

Subject: Residual Inventory Material
Task Order No. 3 Basic Agreement [redacted]

25X1

Reference: Telecon 10/6/67 - [redacted]

25X1

Gentlemen:

The [redacted]
is pleased to report that we have located several of the inventory items you requested information about in referenced telecon. Accordingly, we are enclosing:

25X1

One (1) Glass Target 64-900 lines per minute
One (1) Dekacon General Manual for HLC Camera

The Art Work Printing item you questioned is for work on the EPT Final Report representing the original art work to be illustrated in the book.

The second [redacted] Metal Shield cannot be located but it should have been included in our shipments to the Government. Attached is a copy of [redacted] Purchase Order GX96345-0001-F12 showing the purchase of two shields. It is suggested that the cost of one metal shield be deducted from the [redacted] Public Voucher when making final payment.

25X1

Kindly excuse [redacted] delay in returning these residual inventory items.

Very truly yours,

[redacted]
